

## Metamark MDL-100B

3 Year Calendered Blockout Digital Vinyl

**Metamark MDL-100B** has been developed for applications requiring the easy handle rigidity of the 100 micron film, combined with a blockout grey adhesive to give greater opacity and prevent show through.

The product is supplied on a PE liner to give excellent layflat properties in particular on Latex printers. It is suitable for wide format promotional display, advertising and short term outdoor graphics.

**Performance you can trust**
