

MetaScape Frost

Frosted Glass Etch Effect Vinyl

MetaScape Frost is an opal etched glass effect vinyl with MetaScape adhesive system. This self-adhesive frosted glass window film provides a striking effect whether decal-cut or printed. Also used for total-coverage architectural applications.

This highly popular product features the MetaScape® adhesive system that offers ease of application by providing air with an exit route from under the graphic. It makes for faster, trouble free application of larger graphics onto smooth, flat or slightly curved surfaces.
