

MetaGuard 206

Dry Wipe Coated Polymeric PVC

MetaGuard 206 is a high gloss overlamine and can be applied over printed Metamark digital media, to create dry wipe panels with printed graphics. The product is suitable for use with Dry Wipe marker pens only.

The specially coated PVC film provides easy clean removal of dry wipe pens, and also offers good layflat dimensional stability. **MetaGuard 206** is suitable for overlaminating prints on flat surfaces, for indoor use only.

Performance you can trust
