

MetaGuard 400

'Pop Up' Display Overlaminates

MetaGuard 400 is constructed from 75 micron Lexan® polycarbonate overlaminates and comprises a matched system when used with Metamark 'Pop Up' Display Polyester.

The semi rigid, but easily handled film, has an attractive satin crystal effect finish to diffuse overhead lighting, a polyester liner and crystal clear adhesive to provide added "pop" and vibrancy to the print.

Performance you can trust
