

Metamark MD3-R

Removable Calendered Digital Vinyl

Metamark MD3-R is an intermediate grade vinyl with removable adhesive. It delivers high print quality for temporary interior or exterior applications, and allows clean removal up to six months after initial application.

MD3-R is ideal for temporary vehicle graphics, promotions and advertising campaigns. It is suitable for application to high energy surfaces such as steel and glass, however not suitable for application to low energy surfaces, or embossed surfaces, such as emulsion painted walls or textured plastics.

Performance you can trust
