

## Metamark MD-CR

Optically Clear Polyester Window Film

**Metamark MD-CR** is a 50 micron crystal-clear polyester window film that offers an optically clear finish when applied to transparent surfaces. It is suitable for permanent graphics such as architectural window manifestation, or can be removed cleanly in the short term for promotional applications.

**MD-CR** can produce very high definition images, offering greater clarity than PVC or static self-cling. It can also be printed in reverse and applied to the inside of the glass.

**Performance you can trust**
