Assembly Instructions

Note: When retracting the graphic always slowly guide it into base housing, otherwise damage may occur to the graphic.

Graphic Attachment

Adding Tension

Insert a standard flat headed screwdriver into slot located in the end of unit and turn clockwise to add extra graphic tension.

Removing Tension

To un-tension graphic panel place a flat headed screwdriver into the slot and push to disengage ratchet. Hold in and turn anti-clockwise until tension in spring is released. To remove graphic panel carefully peel it off leader sheet. The graphic hanger can also be removed.
