

# Metamark MD-TX3

## WallTex Self-Adhesive Textile Wall Media

### Product Description

Metamark 'WallTex' is a self-adhesive Polyester fabric, offering a clean, easy to apply alternative to traditional wall coverings. The fabric with its lightly textured weave is PVC free, and ideal for visual merchandising, exhibition and home décor applications. The repositionable adhesive is removable in the short term on sealed surfaces, allowing clean easy to replace wall décor coverings. It produces outstanding print results on Solvent, Eco Solvent, Latex and UV printers. Environmentally safe and bio-degradable over time, MD-TX3 is both PVC free and non-toxic

### Features & Benefits

- PVC, VOC and Heavy metal free.
- Solvent adhesive and PE Liner.
- Clean removable, residue free adhesive.
- For Solvent, Eco Solvent, Latex and UV printing.

### Fabric Specifications

Fabric	100% polyester Woven fabric
Finish	Soft Sheen
Weight	245gsm
Denier	150Dx150D
Thickness	190 mic
Opacity	95%

### Adhesive

Type	Grey blockout, Solvent-based Acrylic
------	--------------------------------------

### Release Liner

Print	Plain
Weight	100 gsm nominal
Type	Kraft with PE coating

### Finishes

Finishes Available	MD-TX3	White
--------------------	--------	-------

### Roll Presentation

Roll Widths	1.37m
Roll Lengths	30m

### Durability

Shelf Life	1 years. (10-20°C and 50% R.H).
External weathering	Indoor use only
Fire Retardant	B2
Regulations	REACH Compliant.

### Printing and Handling

- Always perform a test print first. Ensure that the correct profiles and heater settings are used. Refer to [www.metamark.co.uk](http://www.metamark.co.uk).
- Ensure that the material has reached room temperature and a relative humidity of 50% before printing.
- Do not handle the face film, ensure free from dust and static.
- Ensure the surface is clean from contamination, dust free, and dry before applying graphics.
- Apply using a dry application method.
- Testing for suitability is recommended prior to applications.
- Edges and overlaps should be applied with heat and a roller.

### Application

- Allow a minimum of 24-48 hours for the solvents to dry off before application, depending on the print and drying conditions this can often be in excess of 48 hours. Retained solvents will reduce adhesion levels.

### Notes

- Due to the variability of walls it is vital to assess the suitability, and surface preparation needed. It is suitable for smooth walls.
- No liability is given for damage to painted surfaces as the bond between the paint and the wall is out of our control.
- The user should determine suitability of substrate.

This product contains no plasticisers, phthalates or chlorine.

### MetaSure® Warranty

Metamark (UK) Limited warrants to its customers that graphics produced using Metamark Media and Overlaminates will remain in good condition without excessive fading or colour degradation for the specified life time of the ink used, when correctly stored, printed and applied in accordance with procedures outlined in the technical literature. If within the specified years of normal use Metamark Media and Overlaminates becomes ineffective for its intended use, then Metamark will provide sufficient material to produce a new replacement marking, and will at its own discretion, contribute an allowance in additional material towards the costs involved in replacing the graphics. In all cases, the converter is held fully responsible for storing, processing and applying the unconverted materials in accordance with Metamark's technical specifications. Metamark (UK) Limited will not be liable for any indirect or consequential loss or damage, and will not provide any allowance against improper usage, application accident, negligence, chemical damage or improper repair. The above data is given in good faith to provide an indication of the performance of the product. Purchasers should consider the suitability of each product for its intended use and the purchaser assumes all risks in connection with such use. Seller shall not be liable for damages in excess of the purchase price of the product nor for incidental nor consequential loss.
