Metamark MD-PU2

Textured Lightstop for 'Pop Up' Displays

Metamark MD-PU2 is a 385 micron, semi rigid, 'Pop up' polyester, for use on Solvent, Eco-Solvent, Latex & UV inkjet printers. It has a bright white textured printable surface that is scratch resistant and an antistatic treatment that avoids attracting dust.

The premium 'Pop up' material has a grey back offering 98% opacity. For use with modular 'Pop Up' display systems, for use in exhibitions and for POS. This is a one part system for use without overlamination.

Performance you can trust
