

MetaWrap™ MDX-H

Cylinder Cast Digital Wrap Film with High Tack Blockout MetaScape® System

MetaWrap™ MDX-H is a 50 micron ultra-conformable digital wrap film, with a grey high tack MetaScape® air release adhesive. The product is suitable for low energy plastics and hard to stick to surfaces, including vehicle mouldings. The soft film has been developed to flow and conform over the most challenging surfaces so it's ideal for total vehicle wraps.

The film offers high levels of dimensional stability and brilliant colour reproduction on Solvent, Eco Solvent and Latex printers. Not suitable for silicon or rubber trim.

Performance you can trust
